

Memoirs of one of Britain's most remarkable political figures Dennis Skinner, the famed Beast of Bolsover, is adored by legions of supporters and respected as well as feared by admiring enemies. Fiery and forthright, with a prodigious recall, Skinner is one of the best-known politicians in Britain. He remains as passionate and committed to the causes he champions as on the first day he entered the House of Commons back in 1970. In an age of growing cynicism about politicians, the witty and astute Skinner is renowned as a brightly burning beacon of principle. He has watched Prime Ministers come and go—Heath, Wilson, Callaghan, Thatcher, Major, Blair, Brown—and yet remains uncorrupted by patronage and compromise. Cameron discovered Skinner's popularity when a public backlash forced the current PM to apologize in Parliament for calling Skinner a dinosaur who should be in a museum. Skinner at eighty has a unique take on post-war Britain. A combatant in the great social, industrial, and political upheavals of the last half century, he's resisted telling his extraordinary story. Until now.

Memoirs of Paul Kruger: Four Times President of the South African Republic, CHARLOTTE YONGE (WRITERS & THEIR WORK), The Indian Childs Mother (Classic Reprint), Life and Light for Woman Volume V.50: 3, Quelques portraits politiques. Satire (Ed.1819) (Sciences Sociales) (French Edition), Missing: The Search For My Son, Personliche Assistenz und Lebensqualität bei körperlicher Behinderung: Herausforderungen und Schwierigkeiten (German Edition), The Mysterious Barricades: Language and its Limits (Toronto Studies in Semiotics and Communication),
