

A review of past major educational policy developments which have contributed to our present state of educational policy in America, including explanation as to how the last few decades have brought many of our assumptions about educational policy into question. Examines some social and political forces at work in public education, suggests some changes for the future, and discusses educational goals and methods of governance in specific terms, with an eye to supplying particular solutions to immediate problems. Co-published with the Aspen Institute.

Shakespeare the boy: with sketches of the home and school life, games and sports, manners, customs and folk-lore of the time, Jailhouse Stories: Memories of a Small-Town Sheriff (Minnesota), Riding Gain: A Talk Radio Mystery (Talk-Radio Mysteries), Luther: Eine Skizze (German Edition), Implementation of Functional Multiprocessors (Industrial control, computers & communications series), Thoms Bericht (German Edition), Higher Education and National Development: Universities and Societies in Transition: 1st (First) Edition, Mythology and Monuments of Ancient Athens, Being a Translation of a Portion of the Attica of Pausanias (Classic Reprint),
