

Brought to You By . . .

This is a story covering 37 years in television broadcasting including 29 years at the ABC Television Network. Its a story about the broadcast of major events ranging from The Super Bowl and The Olympics to the accident at Three Mile Island. Its about the efforts to get the broadcast back on the air at The 1989 World Series after The San Francisco Earthquake hit disrupting the coverage. It tells what was involved in getting those unforgettable images of Captain John Testrake being interviewed on the tarmac of Beirut Airport while a terrorist waved his pistol behind the Captains head during the hijacking of TWA Flight 847. Learn what went on behind the scenes to bring those events to your home. Learn about the obstacles that had to be overcome; the hard work, the zany antics and the triumphs of the people who worked behind the cameras and microphones to get those broadcasts on the air and bring those images to America and the world.
