

Reflections of Life: A Book of Poetry and Prose

Reflections on Life is a semi-biography of my life's experiences. I found that poetry was my best outlet for expressing my thoughts on many of my personal experiences, and most of them are inspired by either an individual or a life event that I felt a need to capture and share. Many people may have had similar experiences and can relate with my words. I hope that my penned words can be an inspiration or can offer solitude or gratification to others. Writing is a gift from God, and I hope that my gift will be a present to your presence and a pathway to individual peace.
