

To Rev. Richard Wylie, Pastor of the Presbyterian Churchy Napa, Cal. Dear Sir : You take such a deep and intelligent interest in olive culture and I owe so much to your valuable assistance in the translation of this little work from the French in which language I wrote it originally that this, coupled with the high feelings of respect I entertain for your person, prompts me to respectfully dedicate to you this humble effort of mine in which it is my purpose to present to our agriculturists, from a Californian point of view, and in as brief and concise form as is in my power to make it, the principal points bearing on olive culture, which I hope and trust will soon stand foremost among the great industries of our highly favored State, Yours Respectfully, Adolphe Flamant.
