

## Sin of the Poppas

James McKinley Hibbard is named after Grand Poppa. His grandmother is quoted as saying, I wouldnt have named a devil after that man! Not the devil himself! This was the start of a generational curse that would plague the life of this child and generations to come. James gives a heartbreaking account of violence, deaths, alcoholism, affairs, crimes, immoralities, car wrecks, prison, murder, physical abuse, and much more! Through his eyes we experience his painful moments, his humor, and his desperation to save his children, their children, and all children from such anguish. Is Sin of the Poppas truly a non-fictional book about a generational curse? Or is it just another story of the devil made me do it criminal life? Read about the miracles and the tragedies of this authors life. Then, you be the judge!
