

Boat Dollies (Sally Malone Mysteries)

Rita was a boat dollie plain and simple, except that now she was a dead boat dollie and Sally Malone wants to know why. What made Rita a threat to anyone? Was there some nut case out there killing young boat women for the fun of it? Or, does Rita's diary hold clues that will force someone to take drastic measures to keep their dirty secrets? Rita knew enough to make more than one person on the island a suspect in her macabre death. In the tropical climate of the Caribbean it is often said that a hurricane cleans the air, but sometimes it can do a whole lot more than that, it can blow a killers cover.
