

The noblest form of Vengeance is to forgive. However, as we know hath no fury like a woman scorned. Revenge is sweet and fulfilling, but tastes better on a plate. There are many forms of emotions which are explored in this book: love, hate, passion, control and revenge in its most macabre state. A woman who has been driven to the edge by her spouse can commit many types of murder quietly in her head, but when she carries them out without remorse is when we beg to ask the question about her mental metamorphosis.
