

Trading Fathers: Forgiving Dad, Embracing God

Awarded 2009 Write-to-Publish Writer of the Year, Karen Rabbitt documents her true story in *Trading Fathers*, showing her journey from brokenness to wholeness. Conceived through the trauma of marital rape, Karen shares the sexual abuse she suffered as a preschooler at the hands of her father as well as the ripple effect on her childhood, adolescence, and adulthood. As she sorts out the differences between her heavenly and earthly fathers, Karen learns to see God as her true Papa and experiences lasting freedom from the bondage of abuse.
