

Jose Pepe Mujica: Warrior, Philosopher, President

Toward the end of his administration (2010-2015), then Uruguayan President Jose Pepe Mujica made headlines across the world with a couple of unusual speeches at United Nations assemblies in Rio de Janeiro and New York that were heatedly anti-capitalist, anti-consumerist, anti-globalization and anti-climate change all fuelled by a libertarian socialist concept of freedom. This book is an introduction to the politics and philosophy of an unrepentant permanent militant whose evolution took him from defeated guerrilla warrior to successful presidential candidate without inconsistencies or betrayals, whatever his adversaries from right and left may claim.
