

The series introduces readers to young, likable and accomplished art historian Michael Bennington as he searches the world for rare and missing jewels and artifacts. And more often than not, the adventures land him in provocative and even erotic encounters of a pan-sexual nature as only Benningtons quirky escapades can do! The three books in the series are THE NAPOLEON CONNECTION (Amazon bestseller), CARLOTAS LEGACY and THE BROTHERHOOD WARS. Paperbacks at: claudbrick.wix.com/bricbooks THE BROTHERHOOD WARS completes the adventures of Michael Bennington as he flies to Florence then Heidelberg, Berlin and gay Amsterdam searching for the missing ceremonial sword of Emperor Charlemagne. The quest takes him at last to Paris and the Louvre for an exciting finale both hazardous and death-defying as only Benningtons escapades can be. (for culturally-liberal readers)
