

# 0% CHANCE OF SURVIVAL: A TESTIMONY OF FAITH AND MIRACLES

You are cordially invited to accompany author Kayden Jayne West on her journey through the valley of the shadow of death. You are invited to share her emotions and inner thoughts as she experiences the effects of the death sentence pronounced upon her unborn grandson to the unparalleled exaltation she enjoys today with that 7 year old miracle child. The journey has been long, the road has been rough, but the battle has been won - proving that with God all things are possible. Kayden was living a typically normal life prior to the start of this journey. The journey begins with the doctors cold, harsh words stating that the baby had a 0% chance of survival; the amniotic fluid was gone; the pregnancy had to be terminated, the babys lungs could not develop and would not inflate, but would stick together at birth and the infant would not be viable; the skin would be transparent; the fingers and toes would be webbed; and the hospital saves their beds for mothers whose babies can survive. The journey ends with the prolific words of that 19 ounce, 12 inch baby - now a typical 7 year old, speaking about Gods law. Kaydens experience details her life beyond the everyday routines into the realm of faith and miracles. It allows you to walk with her through the dark times when the doctors said her grandson would not survive and through the triumphant times when God stepped in and said he would live. Kaydens faith has sustained her and she has been rewarded with Gods answers many times. She can convey many personal experiences revealing the result of her faith and prayers, such as the time she stayed all night at the hospital and upon getting into her car realized that she was not physically able to drive an hour home and work the next day. She relates how she simply laid her head on the steering wheel and prayed to God - telling him that she was not able to drive home on her own, and if she got there, she

would have to have his help. She doesnt really remember the drive h
