

From day into night, until the end of time, they shall not become one of these. With the prophetic words of a Gypsy grandmothers spell a journey into a compelling new universe begins in Nightchild: A Clans Novel. Toby Reyes believed his grandmothers spell would protect him. Instead it opened the door to a new realm of magic and immortality...Toby was a man like no other: half Irish, half Spanish gypsy and all chovihano. Under the protection of his grandmothers spell, he enjoyed the glow of his own uniqueness. That glow caught the attention of another uncommon man, the vampire Michel Dumas. Vampire power plush gypsy magic yielded a situation none of them were prepared to face.No, Toby, did not become one of these. But what was he to do when he became one of those?
