

Kate Stringer is a woman in mourning, her murdered husband the latest victim of the notorious Catholic Jack slayer. A nationwide manhunt is underway, but the serial killer continues to remain elusive. Now, unknown to her, Kate too has been targeted by the maniac. However, another force is also in play, something which is only ever glimpsed in the shadows, and with an agenda very much its own. Before the night is through, both predator and prey are destined to learn the intricacies of the Damnation Game. Join the author of Carmilla: The Wolves of Styria, and The Cthulhu Child, and take another chilling journey into darkness. This edition features the bonus story: Gloop!
