

Someone is trying to kill celebrated author Dylan St James. But who would want him dead? And why? And who the hell shoots someone with a harpoon, anyway? Disgruntled, failed crime writer, Freddie Winters, spends his days conning old ladies, setting up fake book signings, sneaking into literary festivals uninvited and lamenting his lack of success. When his old friend, Dylan, turns to him for help, Freddie agrees to use his own limited detective skills to find out who's behind the murder attempt. With a group of suspicious ex-wives, a jealous rival, a crazed stalker fan and an exploding postman to deal with, Freddie soon stumbles upon a catalogue of crazy behaviour and a truly bizarre motive for murder. But can he stop the killer before it's too late?
